WHO WE ARE...

CEC's mission is to provide better educational outcomes for children and youth with exceptionalities. With advocacy work that reaches from the classroom to Capitol Hill and spans nearly a century, it's no exaggeration to say we invented special education. CEC brings a diverse community of educators together around one common theme: All educators, every child, no limits.

WHAT WE DO...

CEC couldn't be exceptional without you, and we want to help you do your job better. To support you, we offer an array of tools and resources, including a vast professional **network**, top-tier **publications**, an array of **professional development** choices, and the opportunity to support and participate in our **advocacy** work.

CEC's membership is diverse, but we all share a passion for our profession. Whether you are seeking community, knowledge, professional growth, or advocacy, join us and **celebrate exceptional!**

CEC SPECIAL INTEREST DIVISIONS

As a CEC member, you may choose to join one or more of our Special Interest Divisions. Each division explores a single discipline within special education with the intent of building community and knowledge in that discipline. As a division member, you'll receive journals, newsletters, and opportunities to attend conferences and other professional development events.
